Profile

Highly skilled and goal-oriented Front-End Developer with a strong problem-solving ability and a desire to learn and grow in a collaborative team environment. Graduated in Electrical Engineering, I have a proven track record of creating user-friendly, responsive, and visually appealing websites. Proficient in HTML, CSS, JavaScript, React, and other modern web technologies.

Skills

- Languages: HTML, CSS, JavaScript
 - Front-End Frameworks: React.js, Redux, Next.js
 - Tools and Libraries: Bootstrap, jQuery, Sass
 - Responsive Design and CSS frameworks: Flexbox, Grid, Bootstrap
 - Version Control: Git, GitHub
 - SEO Fundamentals: Google SEO Best Practices
 - Collaboration: JIRA, Slack
 - Build Tools: Webpack, Gulp
 - Active contributor to open-source projects on GitHub.
 - Strong problem-solving abilities with attention to detail.
 - Passionate about learning new technologies and keeping up with industry trends.
 - Excellent communication and teamwork skills.
-

Work Experience

Front-End Developer | Freelancer | London, England | Present

- Developing websites using React.js, focusing on creating efficient and scalable front-end solutions.
- Implemented To-do list and food ordering applications utilizing React Hooks, Redux, and Next.js.
- Collaborated with cross-functional teams to ensure seamless integration and user-centric designs.

Front-End Developer Trainee | SheCodes.io | October 2021 - October 2022

- Implemented websites from concept to deployment using HTML, CSS, JavaScript, and React.
- Developed an interactive weather application that fetched real-time data from an external API using React hooks.
- Built a dictionary application with React, integrating with a dictionary and image API.
- Acquired Front-End and React Development Certificate from SheCodes.io.

Front-End Development Internship | Laitec | Tehran, Iran | June 2021 - October 2021

- Developed website layouts using HTML, advanced CSS, and JavaScript.
- Successfully completed projects within tight deadlines, focusing on creating user-friendly experiences.
- Utilized Bootstrap framework to enhance website usability and responsiveness.

Start-Up Competition | Sharif University | Tehran, Iran | November 2016 - February 2017

- Participated in a business workshop, acquiring skills in writing business models and plans.
- Developed adequate awareness about Marketing and CRM.
- Demonstrated out-of-the-box thinking by building a completely new business based on website and web app, winning second place in the competition.

Education

Bachelor of Electrical Engineering | Shahid Beheshti University | 2017 – 2021

Certifications

- Second Place, Start-up Competition | Sharif University, Tehran, Iran
- Google SEO Fundamentals | UC Davis (Coursera)
